

Reading and Writing in the Science Content

Presented by: James Lupini, Staff Development Specialist

Designed for science teachers to learn a variety of reading and writing strategies to incorporate into their curriculum to further enhance student literacy. Please bring your textbook.

Participants will:

- Learn a variety of strategies for reading text effectively.
- Develop a common writing rubric that can be used across the content areas.
- Learn the distinct approach of using key high frequency words, specialized terms and embellishments to teach vocabulary.
- Create a lesson using different reading strategies.
